THE HOMOSEXUAL PLOT
TO DESTROY
ORTHODOX JUDAISM

Aided and Abetted by the "Jewish Chronicle" and the Board of Zionist Deputies

OY GAY? NO WAY!

SAYS LORD JAKOBOVITS,

AND THE WAR AGAINST HALAKHAH CONTINUES

AS FANATICS ATTACK CHIEF RABBI EMERITUS

FOR DENOUNCING SYNAGOGUE OF SODOMY

By Gerry Atkinson and Graham Gable

Edited by A Rabbi

This publication is dedicated without permission and with profound disrespect to Julian Kossoff of the *Jewish Chronicle* and Mike Whine, director of the so-called defence committee of the so-called Board of Deputies of British Jews, without whose "inspiration" it would never have seen the light of day.

The Homosexual Plot To Destroy Orthodox Judaism

It is an open secret that Lord Jakobovits was retired prematurely as Chief Rabbi on account of his principled stand on Zionist atrocities against the Palestinian people.

"What, you think these vermin have rights? Isn't six million Jews enough?" screamed Organised Jewry with one voice, and the Chief Rabbi was quietly put out to grass. But you can't keep a good man down, and it wasn't long before the distinguished Talmudic scholar was voicing his concern over another blasphemy against Judaism: homosexuality.

While only Zionists and their fellow enemies of humanity think it's okay to beat up Palestinians, throw them off the roofs of their houses and shoot their children, an increasing number of people - Jew and Gentile - think it's okay to engage in homosexual practices. This is due largely to a very effective campaign of disinformation by the organised homosexual movement worldwide, aided and abetted by leftist and "civil rights" organisations.

Before we go any further, let us make quite clear what is our position: we are not advocating that homosexuals be "oppressed", thrown into jail, ostracised, fired from their jobs, beaten up, or persecuted in any way. There is no moral case in *English* law for criminalising sexually deviant behaviour. But *Halakhah* is not *English* law; *Halakhah* is a higher code, the law under which Orthodox Jews *choose* to live. A Jew who does not keep *Halakhah* is not a Jew in any meaningful sense of the word. *Halakhah* proscribes homosexual behaviour under punishment of death. Therefore:

YOU CAN'T BE BOTH JEWISH AND A PRACTISING HOMOSEXUAL

OY GAY? NO WAY!

No synagogue can condone sin.

Enter Lord Jakobovits

On 23rd July, 1993, the *Jewish Chronicle* - the diseased "organ of British Jewry" - reported that Lord Jakobovits had compared homosexuality with stealing, adultery and murder and had suggested that it would be a good idea to use genetic engineering to eliminate this poison from society forever. (1)

Lord Jakobovits, an expert on medical ethics, ruled out abortion in this context, but he did say that as well as genetic engineering it would be possible (desirable) to train potential sodomites into heterosexual norms.

Lord Jakobovits' views did not go down at all well with "progressive" Jews, [sic] while his wise words were forthrightly condemned by the secretary of the Jewish Lesbian and Gay Helpline [sic] who called the suggestion morally reprehensible.

Soft Selling Sin

The word *gay* has long been used by sodomites to promote homosexuality, to give it a clean image as it were. (2) A perusal of homosexual publications is enough to confirm this: homosexual men are portrayed as muscular, healthy, vibrant, the sort of person you wouldn't mind having for a neighbour, a brother or even a son. Instead of the disease-infested wretches they really are. Needless to say, this image is a lie, a veneer carefully constructed to deceive and seduce the non-homosexual majority into the naïve and erroneous belief that homosexuality is a *positive alternative* to being *straight*, and that homosexuals are jolly good chaps just like the rest of us. While homosexuals and the corrupt media have been very successful in promoting this image, it doesn't take much probing to reveal it for the brazen lie it is.

Sodomy: The Disgusting Facts Behind The "Gay" Myth

Homosexual behaviour is abnormal and disgusting in many ways. The homosexual sex act (anal intercourse) involves insertion of the penis into the anus. Unlike the uterus, the anus is not designed as a receptacle and is therefore prone to damage and infection. This can and does result in the spread of all manner of disgusting diseases to all parts of the body. But sodomy is not the only perverted sexual act that homosexuals engage in. They also insert objects into the anus. (3) Including fists! This is known as fisting or hand-balling. (4) Many engage in oral sex as well, sometimes even going straight from anal to oral. (5) Homosexuals urinate and defecate on each other; they engage in bizarre acts of flagellation, torture, self-mutilation and the ingestion of faecal matter.

It is difficult if not impossible for a pious *Torah* Jew to realise just how sick, perverted and disgusting some of these homosexual practices and the people who engage in them really are. The following extract will perhaps give the reader some inkling of an idea.

Alarmed over the spread of AIDS, the authorities in the United States attempted to shut down homosexual dens of iniquity. When health officials visited one homosexual establishment in New York, the *Mine Shaft*, they found the following scenes:

"The place smelled sour. It was crowded with men dressed like cowboys, bikers, construction workers; some wore only jockstraps, others wore nothing....There were gym horses, and a cross for mock crucifixions. Inspectors saw men giving and getting blowjobs, [oral sex] sodomizing and being sodomized. Just as some inspectors were about to enter a backroom, they reportedly heard what sounded like a whip and screams. They decided to investigate no further." (6)

As if this were not bad enough, there are two other aspects of the *gay* life which give grave cause for concern: promiscuous sex and anonymous sex. Like sexual perversion, promiscuity is by no means confined to homosexuals, of course, but most men and women seldom sleep with more than one partner at a time. (7) For homosexuals though, it is quite *normal* to have a dozen or more sexual partners in one week! Often in total anonymity. Homosexual activist Dennis Altman has written:

"Large-scale luxurious pleasure palaces where everyone is potentially an immediate sexual partner are a common sexual fantasy; only for gay men are they a commonplace reality...Men in bathhouses rarely talk much, and it is quite common for sex to take place without words, let alone names, being exchanged." (8)

It is this sort of poison Lord Jakobovits would like to see removed from society forever, and for this he is called reprehensible!

AIDS: G-d's Plan For Homosexuals

Over the past decade we have witnessed the spectre of a new plague stalking the world with a vengeance: the spectre of AIDS. How did this come about? Contrary to homosexual propaganda, AIDS is primarily a disease of filth and perversion, although it also infects intravenous drugs users and is thought to be widespread in Africa, primarily because of poor public hygiene and sanitation.

The question on everyone's lips is: why did AIDS come about in the 1980s? Now that you know something about homosexual behaviour, you'll realise that it's a miracle it didn't happen sooner.

The reason it didn't is simple. Up until fairly recently, social taboos and mores have kept homosexuals in the closet where they belong. We have until recent times lived in a world where many if not most of us were repressed. It's not that many years since women were considered the mere chattels of men, blacks had to "know their

place", Jews were not welcome in "polite society", and ordinary working men had to doff their caps to the lord of the manor.

The world is a better place for the end of such hypocrisy and bigotry, but it is a fallacy that all change means progress. Some social taboos exist for good reason. In the Latin countries for example there is a strong taboo against drunkenness. As a result of this, even though people in Italy and the other Latin countries drink more than in Britain, these countries have a much less serious alcohol problem. Sexual offences and divorce are also lower. The lifting of the taboo on homosexuality has led to more homos *coming out* and to a consequent upsurge in their debauchery. But still they are not satisfied and are now pressing for *anti-discrimination* laws.

Queer By Compulsion

The two biggest lies the organised homosexual movement has spread are that homosexuality is a *positive alternative* to being *straight* and that homosexuality is very common. (9) The irresponsible claim is often made now that up to ten percent or even more of the population is homosexual. (10) For example, the London Lesbian and Gay Centre [sic] published an "information sheet" which claimed that there are at least 750,000 lesbians and homosexuals in Greater London. (11) In reality it is doubtful if there are that many in Western Europe. In spite of the absurdity of this massive lie, homosexual agitators have succeeded in convincing a substantial percentage of social policy makers that homosexuals are "under-represented" in positions of power and certain professions by virtue of *discrimination* against them. Their ultimate aim is to make *all such discrimination* unlawful, and in this sinister campaign they have found two powerful allies: Organised (Zionist) Jewry and the "anti-fascist" movement.

Both the Zionist movement and the misnamed "anti-fascist" movement have agitated long and hard for anti-discrimination legislation. In reality this campaign involves the destruction of free speech, freedom of association (and non-association) and the mass subversion of individual rights. By claiming to combat anti-Jewish discrimination they have enlisted considerable Jewish support. If you have supported such legislation in the past, you had best think again. Because here are some of the things it can and will lead to:

You want to let a room in your house. A homosexual applies. You turn him down as a prospective tenant and face prosecution.

You want to hire someone to work in your business: a homosexual applies. You turn him down; he reports you, and you are forced to pay him massive "compensation" for "emotional damage".

You decide to sell you house. Your devout Jewish neighbours object to you selling it to a homosexual. You refuse to do so and you are thrown into prison. (12)

You own a bookshop and refuse to stock or sell queer porn. A homosexual publishing company reports you and you are fined and threatened with jail unless you acquiesce.

And so on. And there will be no escaping the consequences if such legislation is brought into force, because the onus will be on you to *prove* that you did not discriminate. (13) If you think this scenario is absurd, think again, remember Robert Relf, (see note 12). When the Learned Elders have dealt with *racial* bigotry they will turn their attentions to sexual *bigotry*. Don't say it *can't* happen here: every Jew living in Weimar Germany said the same thing. And look what happened there!

It may even be possible that a homosexual Rabbi is appointed to your synagogue. And it may be possible that your children are given compulsory *gay lessons*, even in an Orthodox Jewish school. Don't say this *can't* happen; it already has! In 1986, Rachel Tingle published a booklet called *Gay Lessons* (14) in which she catalogued the attempts of the Greater London Council - for the most part successful - to inculcate pro-homosexual values in our children. One of these is by portraying homosexuals as an "oppressed minority". The organised homosexual movement and their socialist allies pretend that all minorities are "oppressed", but a moment's thought shows this to be absurd. Everybody belongs to at least one minority, even if it's only by virtue of his or her profession. Convicted murderers are a minority, but no one in his right mind would claim that murderers are oppressed simply because they are locked up.

In her short but shocking study, Tingle also reveals that the London Gay Teachers's Group [sic] supported "the right of paedophiles to organise" and during the 1981 trial of four members of PIE, (the so-called Paedophile Information Exchange), this organisation published an article in their support. (15) Paedophiles are people - overwhelmingly men - who want to legalise sexual relations between adults and children. They are known to operate international child pornography rackets. Their ranks include many men with convictions for serious sexual offences against children.

Lord Jakobovits Defends Halakhah; The Jewish Chronicle Attacks It

It is ironic that the *Jewish Chronicle*, the publication which makes more noise over anti-Semitism - real and imagined - than any other in this country, is in the forefront of the fight against Orthodox Judaism. Or is it? The truth is that in spite of its name, the *Jewish Chronicle* is no more Jewish than Hitler.

Curiously, no one appears to have accused the Chief Rabbi Emeritus of endorsing Nazi theories of "racial hygiene". To preempt this suggestion we would like to point out that in Weimar Germany, homosexuality was regarded as a Nazi perversion, even communists reviled it. What short memories people have. (16)

The *Jewish Chronicle* is the diseased organ of the even more diseased secular Anglo-Jewish establishment. Avowedly Zionist, it mocks everything Judaism stands for. The fact that it gives favourable publicity to self-professed sodomites should come as no surprise. The same issue which crowed over the attack on Lord Jakobovits carried this grotesque cartoon (see page 7) which portrays devout Hassidic Jews as dinosaurs. Worthy of *Der Stürmer*, we think!

Lord Jakobovits has made a principled stand for *Halakhah* against the forces of darkness - the enemies of Judaism, and, ultimately, of all mankind. He deserves your support. If homosexuals want to drown in their own poison, that is their right, but let them do so behind closed doors in their own AIDS-infested communities. And if Zionists and "anti-fascists" want to aid and abet them, let them do so, but not in Stamford Hill. Or anywhere else where Jews live under 613 Biblical commandments.

Too Late For The Churches?

Although there now exist openly homosexual, religious Jews, [sic] the perverts' war against *Halakhah* has still to be won. But for the Christian Churches, the fight may already be over. The Gay Christian Movement [sic] is well-established; there are openly homosexual clergymen and at least one *gay* prayer book [sic]. A whole homosexual sub-culture exists within the Church. Once, Jesus only wanted your soul; now he wants your arsehole as well.

They Want Your Children

You may not think we're serious when we tell you that they want your children, but believe us, we are. And they do. We have already mentioned the activities of the

Not every Jew is afraid to call a spade a spade or a degenerate a degenerate. The letter below appeared in the August 1991 issue of *New Moon*, the Jewish "events magazine". We suspect that Miriam Bowman is a reform or non-practising rather than Orthodox Jewess, like most readers of this magazine. Unfortunately, hers is almost a lone voice, indeed, people from all ethnic groups are becoming increasingly intimidated against speaking out over this cancer.

Gay Offensive

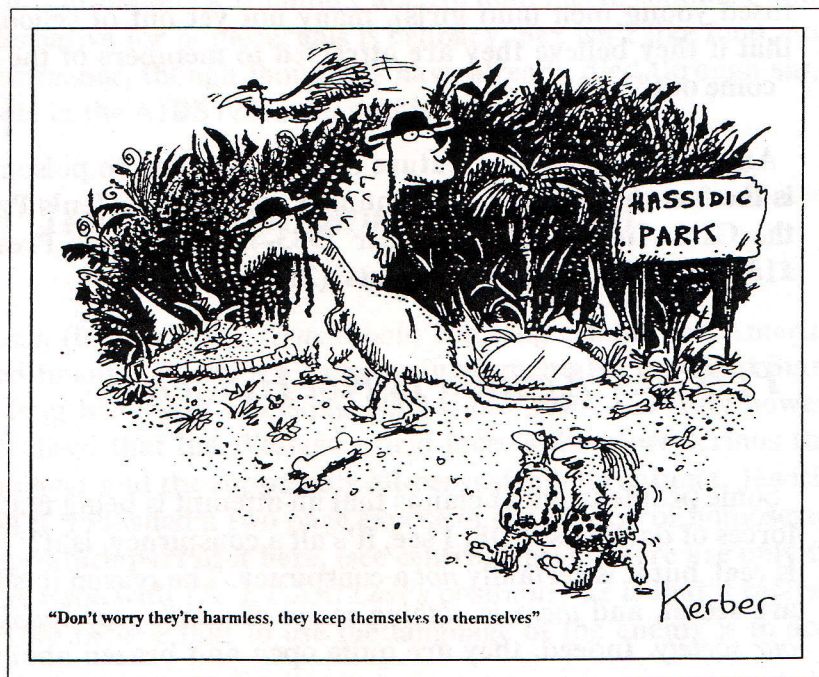

Dear Editor,

I am writing in order to complain about the section in your magazine entitled "Lesbian and Gay".

I myself am not gay and I find it very offensive to have this section included in an ordinary Jewish magazine. I am sure you must have had similar complaints from other readers. It is a pity that such a well written and informative publication should be marred by the insertion of articles and events which I am sure the vast majority of your readership find insulting.

I hope that in future editions you will exclude information of a destructive and degrading nature and direct your well researched efforts towards a more useful and rewarding goal.

Yours sincerely,
Miriam Bowman

Above, the grotesque cartoon portraying Hassidic Jews as dinosaurs which was published in the *Jewish Chronicle* on July 23rd 1993. In almost every issue the *Jewish Chronicle* wails and whines about anti-Semitism. Every time someone somewhere, says something unflattering about the Jews or the quasi-fascist state of Israel the paper screams *Holocaust*, even if that person has or thinks he has a genuine grievance. On the other hand, when the *Jewish Chronicle* wants to attack the more devout members of the community, it does so not only with impunity but portrays them as slimy, foul-smelling, extinct reptiles. If this cartoon had appeared in a British National Party publication there would have been loud demands to prosecute the editor under the *Race Relations Act*.

late (and unlamented) Greater London Council. Unfortunately, this was only the tip of the iceberg. Although the GLC is gone, the perverts are still among us, and they are stepping up their propaganda.

Your Money Funds Their Poison

In 1983, a thoroughly obnoxious homosexual publishing house, the Gay Men's Press, [sic] published a grotesque piece of filth called *Jenny lives with Eric and Martin*. (17) This book was aimed at children and portrayed sodomy as normal by relating the - thank G-d - imaginary story of a young girl living with her faggot father and his male "lover". (18) Fortunately, this was too much even for spiritually diseased Britain to stomach, but *gay* youth groups [sic] now operate openly, seducing confused young men (and girls), many not yet out of school, trying to convince them that if they believe they are attracted to members of the same sex that they should "come out". (19)

An equally obnoxious feature of this campaign to poison the minds of our children is the fact that this cesspit of human poison Gay Men's Press [sic] was subsidised by the GLC. In the financial year 1983-4, Gay Men's Press [sic] received a total of £15,000 in GLC approved grants. (20)

Perverts' Agenda Is Not Hidden

Some people laugh at claims that an attempt is being made to subvert society by the forces of darkness. "Oh, I see, it's all a conspiracy, is it?" is one reaction. The threat is real, but it is certainly *not* a conspiracy. The reason it is not is because conspiracies are secret, and *there is nothing secret about the way sodomites are seeking to destroy our society*. Indeed, they are quite open and brazen about it. Here is what they say themselves.

In 1979, the Gay Liberation Information Service [sic] published a manifesto. This was not the first edition either. (21) In this "manifesto", they refer to "the indoctrination of the small child with these attitudes", (page 6). These "attitudes" refers to the way ordinary people - you - bring up their children, ie as normal. In other words, they believe that *you* are indoctrinating *your* children. As indoctrination is a form of coercion, it follows that they will next insist that your children be taken from you and instructed in the *correct* attitude towards homosexuality.

The entire pamphlet is an assault on family values, Judeo-Christian morality, indeed, on everything Judaism stands for. And just to make sure you are in no

possible doubt as to what will happen if you object to having your children spoonfed with this poison, they tell you:

On page 12, they state: "We do not intend to ask for anything. *We intend to stand firm and assert our basic rights.* If this involves violence, it will not be we who initiate this, but those who attempt to stand in our way to freedom." (Their italics)

In other words, they will use force to assert their *rights* to poison the minds of *your* children. Again, don't say it can't happen here. It *is* happening here!

The Real "Positive Alternative"

Whether or not homosexuality is due to nature, nurture or a combination of the two, like all sin it is ultimately a voluntary act. No man has to sodomise another. The real positive alternative for homosexuals is celibacy. Sex isn't like food, no one ever died through abstinence, though thousands have already died through sin, and millions more will die in the AIDS *holocaust* that is yet to come.

Even The "Jew-Wise" Abhor This Poison

The Truth At Last, (formerly the *Thunderbolt*) is a long established American newspaper. Published in support of the Christian fundamentalist National States Rights Party, it has a long history of attacking blacks and Jews. Recently however it appears to have realised that the Western world faces a far more serious threat than the odd black mugger and the supposedly all-pervasive international Jewish conspiracy. In issue 364 it published a two page exposé of the disease of homosexuality. We are proud to reproduce part of it here, (see centre pages). There are only two points on which we take issue with *The Truth At Last's* position: one is that it refers to homosexuals as *gays*; we believe that to use the language of the enemy is to accept their propaganda.

The other is that editor Dr Fields is forever attacking the *Talmud* as the source of all depravity and immorality. Every issue of his paper advertises anti-Semitic books, and he has on occasion published bogus quotes from the *Talmud*. We would suggest to Dr Fields that if he actually reads the *Talmud*, (22) rather than the forever recycled calumnies of John Eisenmenger (23) and his successors, he might at last wake up to the fact that Judaism is as far removed from perversion and communism and Zionism as are his fundamentalist Christian principles.

Helps Lesbians

Darlene Bogle, 43, of San Francisco was a practicing lesbian for 17 years. She was kicked out of the military before she finally succeeded in becoming a heterosexual. She wrote the book for women wishing to change entitled, "Long Road to Love - A True Story of Hope for the Homosexual."

Why are not these people featured on the Oprah Winfrey, Phil Donahue, Sally Jesse, and all the other talk shows? Why is their good work totally blacked out by the media? They are not "politically correct" and would counter the liberals propaganda that the gay lifestyle is just as natural and wholesome as the heterosexual life. This "Big Lie" must be countered and it appears that only such *Truths* can be found within the columns of this paper. Be a part to the thousands of other Patriots who are distributing this publication on a scale which grows with each passing month.

Gay Rights In 8 States

Minnesota became the eighth state to adopt a "Homosexual Civil Rights Bill." It outlaws discrimination against lesbian and gay men in housing and employment. Similar laws have been enacted in Calif., Conn., Hawaii, Mass., N.J., Vt. and Wisc. Such laws will lead to job quotas in the future in which "gays" will be hired over "straights."

The measure passed the senate by a vote of 37 to 30. Republican Gov. Bob Weinholzer signed it into law admitting that it was opposed by his party. He said: "I realize that this is an enormously unpopular measure but I am signing it because it is the right thing to do." He will run for re-election next year and his campaign is already in trouble.

Liberals Claim Gay-Lesbian Lifestyle Is The Same As The Heterosexual Family

Why Are These Facts Suppressed?

The Clinton Administration's chief argument for allowing gays in the military is that their sexual practices are no different than those of heterosexuals. Can anyone believe this after reading the mass of statistics on page 5 Are such practices "normal" and "acceptable"? One does not need much common sense to answer this question. Of course there are gays in the military and always have been. The question is do we want them openly flaunting such practices - and the answer is - NO! Sen. Sam Nunn and the Joint Chiefs of Staff are 100% correct in wanting the ban continued on the open practices of homosexuality. Do we want men in the military holding hands, kissing, sodomizing each other in the barracks, dancing together in the servicemen's clubs? AGAIN THE ANSWER IS NO!

The Holy Bible condemns homosexuality in the strongest terms. It was punishable by death in the early American colonies. Thomas Jefferson, a more liberal thinker said: "Homosexuality should be punished, if a man, by castration, if a woman, by cutting through the cartilage of her nose a hole of one-half inch in diameter at least." It was illegal throughout America until 1961. Homosexuality is a sign of the general decadence of a nation. It brought down Greece and other once great nations. This along with rapidly spreading gambling, the use of drugs, and street crime is evidence of a deepening collapse of our civilization.

Homosexuality is not an acceptable lifestyle and it is not "the same" as heterosexuality. It is unnatural and goes against the word of God and against the grain of nature. We must not permit homosexuality to be taught in our schools and churches as an acceptable lifestyle for our children.

If the homosexual lifestyle is "normal" why is it that they suffer from all kinds of diseases heterosexuals rarely get?

Why The Total Media Blackout On Groups Trying To Help Gays?

Helping Gays Go Straight

The media and liberals have totally suppressed all news about the groups which work to help homosexuals who want to change into heterosexuals. Why are these people never interviewed on TV talk shows or written up in the press? Is it because their work goes counter to the liberal theme that the gay lifestyle is the same as that of straights?

Homosexuals Anonymous

(H.A.) operates like Alcoholics Anonymous. They have chapters in 14 major cities. Nearly 30% of gays wish they weren't. Such radical groups as "Queer Nation" and "Act-Up" do not have many members yet they receive major publicity.

H.A. is headed by Randy Childs of Philadelphia. For years he was an active homosexual until one day he made up his mind to change his life. Childs is now married and has a daughter. He maintains that homosexuality is a learned behavior stemming from an early emotional detachment from a same-sex parent. H.A. gives counsel to those who want to change.

The group holds discussion sessions for members who tell why they decided to give up the "gay lifestyle." Childs says: "It doesn't happen overnight. You change as you begin to discover the origins and roots of your homosexuality. The biggest thing is to be able to share it."

Others Help

Dr. William Masters and Virginia Johnson along with psychiatrist Dr. Lawrence Hatterer (15 years with New York's Payne Whitney Clinic) say that homosexuality is the, "result of environmental factors." Frank Worthen head of Love In Action says, "I was in the gay subculture for 25 years starting at age 13. I had been rejected in high school. I never had any close friends. By entering the gay lifestyle I thought I found

such people. I was promiscuous which hurt my self-esteem. After the break-up of a 11 year homosexual relationship I was on the brink of suicide. When I made the decision to give up the gay lifestyle I felt like a weight had been lifted off my shoulders."

Sy Rogers heads "Turnaround" in Orlando, Fla. Rogers says that it was difficult for him to change and he was tempted by other men to return to homosexuality. He managed to overcome such feelings and today is married and has a daughter. He says his group has a 70% success rate and that:

"You don't just wake up one day and say that you are no longer attracted to men. We have 17 steps to recovery. The first is to avoid all contact with the homosexual community. Leave all your gay friends. Do not read gay publications nor frequents any of their haunts. Associate yourself strictly within the heterosexual community.."

Peter Robicheau of "Homosexuals Anonymous" in Philadelphia. He has been barred from all TV talk shows. They want no voice for those who say, "this is not normal and we want to help you."

Leviticus 18:22 "Thou shalt not lie with mankind, as with womankind: it is abomination."

[The above is taken from the Cambridge University Press edition of the *Holy Bible*, Revised Version in Verses, (undated). The wording varies slightly in some versions but the message remains the same: sodomy is a sin against G-d and man].

And the Talmud

SANHEDRIN 54

MISHNAH. HE WHO COMMITS SODOMY WITH A MALE OR A BEAST, AND A WOMAN THAT COMMITS BESTIALITY ARE STONED.

GEMARA: "...*There shall be no sodomite of the sons of Israel...*"

Homosexuality And Anti-Semitism

There is yet another reason you should keep the sodomites out of your synagogue: anti-Semitism. It is an indisputable fact that hard core anti-Semites blame the Jews for every evil under the sun. Because some banks are owned by Jews, the Jews monopolise the economy; because some communists are Jews, Bolshevism is a Jewish plot; because the Zionists are the murderers and torturers of the Palestinians, all Jews are Zionists and all are guilty of Zionist atrocities; and so on. And if some Jews are seen openly or covertly to do anything but condemn homosexuality, all Jews will be blamed for the spread of this poison, *or even for the spread of AIDS itself*. And, in the current political climate, the possibility of the general population endorsing this poisonous anti-Semitic ideology is a very real threat. (24)

This is no idle speculation; in the fifties, when a Jewish doctor invented a vaccine, an American anti-Semite used this to accuse the Jews of infecting children with live polio germs. (25) In America, all manner of weird conspiracy theories about AIDS have been circulated, and not just by the lunatic fringe. In turn, homosexuals have slandered Africans by trying to blame them for the spread of a disease which is transmitted primarily by *their* disgusting practices. (26)

Resist Emotional Blackmail

The Zionists have got their own way for decades by branding the *goyim* anti-Semitic, and have kicked Jews into line by other, more subtle means. Now, the organised homosexual movement is using the same dirty tricks as Organised Zionist Jewry. "Give us what we want or we'll call you *homophobic*!" they scream. (27)

Don't bow to this emotional blackmail, don't be afraid of people calling you names. Wear the insult like a badge of pride. If you appease these poisoners of the racial soul, your communities will be polluted forever. But if we all resist them and isolate them like the pariahs they are, they'll all be dead from AIDS by the end of the century.

From Wailing And Gnashing Of Teeth To Terror Tactics

The aforementioned Gay Christian Movement [sic] has been in the forefront of the subversion of the Church. It has published a magazine since 1976. (28) The October 1986 issue carried an article called *Jewishness and Gayness*. (29) In this article, the author, one Geoffrey Thompson, (30) tried to liken the Nazi persecution of the Jews to the ostracism society rightly practices against sexual degenerates. This is an insult to the victims of Nazism and indeed to the victims of religious and racial persecution throughout history.

As with so many of their fellow travellers - the socialists for instance - when specious logic fails, the fairies get bitchy. As long ago as 1977, the Gay Christian Movement [sic] disrupted a major church meeting. (31) How would you like this to happen in your synagogue? Don't say it couldn't; there are already *gay* synagogues in the United States. (32) They could soon be compulsory here if the perverts get their way!

It should also be noted that these AIDS-infested enemies of Judeo-Christian morality have grown more not less militant over the years; there have been a number of well-staged demonstrations by angry homosexuals and their fellow travellers demanding their "rights", in other words, the right to pollute the minds of your children at your expense. And their propaganda is infecting more and more of our young people. (33) In 1993 there were two massive *gay pride* [sic] festivals/marches in America and Britain. It was estimated that up to a million people joined the Washington march and as many as a quarter of a million the Brixton event. In spite of homosexual propaganda, only a tiny percentage of these people can have been homosexual or homosexual-oriented. How much longer will it be before all our children - and yours - have been brainwashed by this poison?

The End Of Judaism?

Although Jewish historians and commentators often exaggerate the full extent of persecution and suffering endured by the Jewish people throughout the ages, there can be no doubt that this suffering for them - as for many other peoples - was real. The *Talmud* was often burned for no better reason than the superstition and ignorance of "Christian" peoples; Jews were accused of ritual murder, and tortured until they confessed, in much the same way as lonely old women were tortured until they confessed to riding on broomsticks or having sexual relations with the Devil. Then there were pogroms, then there was the Nazi persecution. Throughout all these trials and tribulations, throughout all this persecution and suffering, the Jewish people survived with their religious identity intact. Did Judaism endure all of this so that its sons and daughters could be blackmailed, intimidated and bullied into acknowledging sodomy as a "positive alternative" to Jewish living?

If you think Judaism is worth defending, worth saving, worth handing down to your children, your children's children and your children's, children's children, the time has come to fight back. When the perverts come knocking at your door, when they turn up at your synagogue, when they demand "equal rights" and state subsidies (your tax money) for their perversions, you must answer a resounding NO!

Halakhah? Ah, Halakhah!

In his scurrilous attack on our very first publication, Julian Tossoff of the *un-Jewish Chronicle* implied that we had misspelt *Halakhah*, ie as *Halakhah*. (34) We replied that we considered *Halakhah* to be a valid transliteration. However, after these publications (35) went to press, we realised that *Halakhah* should have been rendered thus: *Halakhah*. Actually, the Orthodox Rabbi who acts as our technical consultant did tell us at the time that he personally would have used a different transliteration, but didn't consider it worth correcting. Some people render *Halacha* thus.

We concede that we transliterated incorrectly, and humbly apologise to Mr Tossoff. We trust that he will draw any other spelling mistakes to our attention in between wailing and gnashing his teeth at us. For our part we can only say that we are profoundly disappointed that a man who can recite the letter of *The Law* understands so little of the spirit of it.

(1) *Ex-Chief Rabbi endorses genetic engineering to stop homosexuality: Progressives join gays in attack on Lord Jakobovits*, by Valerie Monchi, page 1, *Jewish Chronicle*, July 23, 1993, AV 5,5753.

(2) This disgusting euphemism has been used very effectively towards that end, but originally of course it meant something entirely different. According to the *Encyclopedia of Homosexuality*, * the phrase *gay cat* first appeared in print in 1933. In 1955, an English journalist defined *gay* as "an American euphemism for homosexual". ** There are other adaptations too, but although some older people still use the word in its proper context - happy, cheerful etc - to all intents and purposes the word *gay* has been "verbally kidnapped" by the spiritual descendants of Sodom and Gomorrah as part of a conscious plan to undermine the fabric of society and to destroy the family unit, and everything decent people everywhere treasure, especially Orthodox Jews.

** (Ibid). See in particular Volume I pages 455-6.

(3) Heterosexuals too engage in sodomy, it may even be that many couples try it once or twice out of bravado or for whatever reason. In fact, almost all if not all the sexual acts homosexuals engage in are also engaged in by heterosexuals at times. But there can be no comparison either between the nature of homosexual and heterosexual perversion nor the scale of it. To draw an analogy, a middle-aged woman who shoplifts a tin of salmon from her local delicatessen is a thief, but one cannot possibly compare an otherwise respectable woman with a man who has twenty-seven convictions for burglary, obtaining money by deception and kiting cheques.

(4) There is also *footing*, apparently, which involves the insertion of (presumably part of) the foot into the anus. We leave it to the imagination what *gerballing* means.

(5) A particularly disgusting example of this is given in the book *The Silent Community*. *

"Alex, on the other hand, does not fast before going to the bath. He takes repeated enemas until the lower bowel tract is clean. During sex, Alex likes to switch between oral and anal sodomy without stopping to clean off..."

* From page 142 of *The Silent Community: Public Homosexual Encounters*, by Edward William Delph, published by Sage Publications, (1978).

The author of this study of human depravity researched his book by following homosexuals around the subways and toilets of New York City. The expression "going to the bath" is a reference to bathhouses where homosexuals engage in practices more vile than anything conceived of in Sodom and Gomorrah.

(7) Even young, single, sexually active men and women generally remain loyal to their partner of the moment. A married man or married woman who has "an affair" will often sleep with his/her spouse and lover more or less simultaneously, but although they may be sordid emotionally, most married peoples' affairs do not involve either sexual perversion or wild promiscuity.

(8) Originally in his book *AIDS in the Mind of America*, but taken here from page 196 of *The Myth of Heterosexual AIDS*, by Michael Fumento, published by Basic Books, New York, (1990).

(9) A third big lie is that anyone can catch AIDS. Although this statement is, strictly speaking, true, it is usually interpreted to mean that everyone is equally at risk, ie that AIDS is not primarily a homosexual disease. We have already seen how big a lie that is. This does not mean that AIDS cannot be contracted by either bad fortune or by heterosexual sexual practices, it can, but primarily AIDS is a disease of filth. Homosexual-related filth.

(10) This rubbish can be traced to the bogus Kinsey report which was produced by the American sex "expert" Dr Alfred Kinsey. In particular Kinsey and his staff published two reports on male and female sexuality respectively. * If one reads either report with a grain of skepticism, one soon realises what utter rubbish the entire study is. An investigation of Kinsey and co's work would take us far afield, but the interested reader is referred to *KINSEY, SEX AND FRAUD: The Indoctrination Of A People*, by Dr Judith A. Reisman and Edward W. Eichel, published by Lochinvar-Huntington House, Lafayette, Louisiana, (1990).

* *Sexual Behavior in the Human Male*, by Kinsey et al, was published in 1948; *Sexual Behavior in the Human Female*, by Kinsey et al, was published in 1953.

(12) This sort of thing has already happened. In 1976, an anti-black, anti-Jewish bigot named Robert Relf advertised his house for sale to an English family only in defiance of Britain's Draconian race laws. When he refused to take down the adver-

tising sign, a summons was issued against him, and when he failed to comply with it, he was jailed for contempt of court. Jewish, ie Zionist, groups, crowed over this, but they miss the point. Why should anyone be compelled to sell his property to anyone he doesn't want to? Now the chickens are coming home to roost with a vengeance as perverts and degenerates take up the same cry of freedom from *discrimination*.

(13) To do this will of course be virtually impossible, as many people and companies have already found out to their cost in both Britain and the United States when they have been prosecuted under Draconian *race relations* laws. To its eternal shame, Organised Jewry has played a substantial role in the imposition of such laws, and, of course, this has led to a vast proliferation of anti-Jewish conspiracy literature.

(16) Or perhaps we spoke too soon. On July 30 1993, the left wing periodical *New Statesman & Society* contained a reference in the *Letters* section (page 26) to this supposedly so-controversial debate. One correspondent wrote, "as Peter Alexander, of Brighton, writes, [Lord Jakobovits] 'now seems to be resurrecting an aspect of Nazi eugenics'." Brighton has the largest homosexual population in the country outside of London, so we will leave the reader to draw his own conclusions.

(17) *Jenny lives with Eric and Martin*, by Susanne Bösche, translated from the Danish by Louis Mackay, published by Gay Men's Press, [sic] London, (1983).

(18) The book, which ran to fifty pages, was illustrated with photographs throughout. The girl, Jenny, was blonde, a conscious attempt to degrade the *Aryan* ideal by these pernicious peddlers of poison. The photographs showed the young girl, Jenny, in a variety of poses, including in bed with her father and his homosexual lover.

Another of the outpourings of the vile Gay Men's Press [sic] was a homosexual novel, *The Milkman's On His Way*, (Tingle, page 21, op cit).

(19) Many young people, of both sexes, go through phases when they may be rebellious, tempted by drugs, or think they are sexually attracted to a member of the same sex, usually someone older they admire. Such attractions, generally called crushes, are not necessarily sexual; hero worship is often a form of crush, and may be centred on an actor, rock star, sportsman etc. There is nothing either unnatural or obscene about this; like bed-wetting, it's something the vast majority of us grow out of.

To take an extreme example, many people form emotional attachments to their pets; children, and old people, especially if they are lonely, may become very strongly attached to a dog, a cat, or even a budgerigar. When a pet dies, the owner, or even the whole household, may go into mourning. To equate this sort of affection with lust - what homos really mean when they refer to being *gay* - is obscene, and in the case of budgerigars, too absurd for words.

(20) Tingle, *Gay Lessons*, page 45, (op cit). The author also reveals that the London Gay Teenage Group [sic] of Islington, received grants totalling £14,301 in the same year. In other words, London ratepayers subsidised the poisoning of their children's minds by the spawn of Satan.

(21) *gay liberation front manifesto*, published by Gay Liberation Information Service, London, (1979). This is the revised edition; the first one was published in 1971.

(22) The Soncino Press English translation is available in major research libraries.

(23) Johann Andreas Eisenmenger (1654-1704) was the father of the modern calumnies upon the *Talmud*. His book *Endecktes Judenthum* (*Jewry Unmasked or Judaism Unmasked*) published at Frankfort, 1700, is one of the most vitriolic anti-Talmudic libels ever written.

(24) The *Protocols of Zion* is living proof of this; this is a document which is too absurd for words, yet very many highly intelligent people were taken in by it, and continue to be. The *Protocols* had been through over a thousand editions by 1967, and it is still going the rounds today in both the Moslem world and the West.

(25) Which may be technically correct, but the implication is too disgusting for words. This claim was made by Eustace Mullins in *Jews Mass Poison American Children*, * an article published in the anti-Semitic magazine, *Women's Voice*, (page 11), June 1955.

* See page 215 of *ANTISEMITIC PROPAGANDA: An Annotated Bibliography and Research Guide*, by Robert Singerman, published by Garland, (1982). This is a standard reference work.

(26) See page 202, Fumento, *The Myth of Heterosexual AIDS*, (op cit).

(27) The word *homophobia* was first coined in 1973. * Literally fear of homosexuals. This has been quietly extended to mean hatred of homosexuals; if you find what they do repulsive, then you must hate them. The idea of course is to make us think that it is unnatural or even immoral to loathe or even not to condone homosexual practices. This piece of specious claptrap is typical of the broad anti-democratic left in this country and indeed the world over. Most people, certainly not Orthodox Jews, do

not fear homosexuals any more than they hate them; they simply want to be free of their pernicious influence.

A more recent term is *heterosexism*, the supposedly erroneous belief that the assumption of heterosexual norms is somehow a form of prejudice, akin to racial prejudice.

* Tingle, page 4, (op cit).

(28) The first issue the current writer could locate was issue number four of *The Bulletin of the Gay Christian Movement*, dated February, 1977.

(29) Issue 41. The magazine was then called *The Journal of the Gay Christian Movement*.

(30) It was not stated whether this was a Mr or Ms Geoffrey Thompson, but this particular piece of sophistry appeared on page three.

(31) See for instance *Disruption at church*, published in the *Times*, page 3, October 17, 1977. This reported that the Gay Christian Movement [sic] had mounted a demonstration at a meeting of the Festival of Light. Presumably they wanted to replace it with a festival of filth.

(32) Volume I of the *Encyclopedia Of Homosexuality* reports (page 644) the existence of these abominations citing Beth Simchat Torah, New York and Sha'ar Zahav in San Francisco as "another instance of how modern Judaism has been profoundly influenced by its Christian environment." Poisoned would be a better word.

(33) Ironically, AIDS seems to have been largely responsible for this. An AIDS bureaucracy of homosexual and non-homosexual gay rights activists [sic] and other leftists has sprung up, and some of these people have considerable power and influence. And it's your rates and taxes that pay for them!

(34) *Anti-Semites ask for cash in latest sophisticated forgery*, by Julian Kossoff, page 9, *Jewish Chronicle*, May 14th, 1993.

In the same article, Mike Whine the so-called "defence director" of the Board of Deputies of British Jews, claimed *The War Against Halahkah* [sic], our first ever publication, was part of a long running campaign by unknown anti-Semites to incite hatred against Jews. Since the 1930s and indeed a long time before that, the Board of Deputies has been in the forefront of the campaign to destroy civil liberties in Britain, now it is siding with the enemies of Judaism. Clearly someone is inciting hatred against Jews. But it isn't us.
